

# Wind Direction Transmitter Compact

#### Part number: 4.3129.00.712

Measuring transmitter for the measurement of the horizontal wind direction with Potentiometer-output. The wind vane consists of fibre-glass reinforced, the housing is made of anodised aluminium and plastic. The instrument has a threaded pin PG 21 with 2 nuts for mounting.

### **Specification**

| Part number: 4.3129.00.712 |                          |  |  |
|----------------------------|--------------------------|--|--|
| Wind direction             |                          |  |  |
| Measuring range            | 0 360 °                  |  |  |
| Resolution                 | 0.5 °                    |  |  |
| Accuracy                   | ±2 °                     |  |  |
| Data output analog         |                          |  |  |
| Wind direction             | 0 2 kê                   |  |  |
| Operating voltage          |                          |  |  |
| Electronic                 | 0 24 V DC max. load 1 mA |  |  |
| Heating                    | 24 V AC/DC, max 20 W     |  |  |
| General                    |                          |  |  |
| Ambient temp.              | -40 +70 °C               |  |  |
| Electr. connection         | 7 - pole plug            |  |  |

| Protection | IP 55          |
|------------|----------------|
| Dimension  | Ø 330 x 270 mm |
| Weight     | 0.4 kg         |

#### Versions

As per 4.3129.00.712, but:

#### Geovane 4.3190.00.900

The product set combines the precise wind vanes from Thies CLIMA with the advanced Geovane from Kintech Engineering. The Geovane uses GPS and the sun position to automatically determine the exact north direction 1° accurate. This combination ensures the highest accuracy of wind direction against the geographic north point as a reference.

- Geovane for automatic north correction
- 1° precise wind vanes from Thies CLIMA
- Wind vane and geovane are preconfigured
- Ideal e.g. for site surveys, power curve monitoring and meteorology

| Measuring range   | 0 380 °                               |  |
|-------------------|---------------------------------------|--|
| Resolution        | 0.06° RS-485                          |  |
